STAINLESS STEEL CUSTOM FABRICATION

Aero's stainless steel custom fabrication department will collaborate with your architect, engineer or consultant to transform your custom ideas into reality. Our custom sheet metal mechanics pride themselves on providing the latest in detail, function, and design. Aero's custom fabrication division combines a unique blend of old world craftsmanship with the latest technologies.

COFFEE STATION

- Designed to your specifications.
- LED, Halogen and Florescent light packages available.
- Cabinet can be fitted with glass, granite or laminate to meet your customer's specifications.

OFFICE STATION

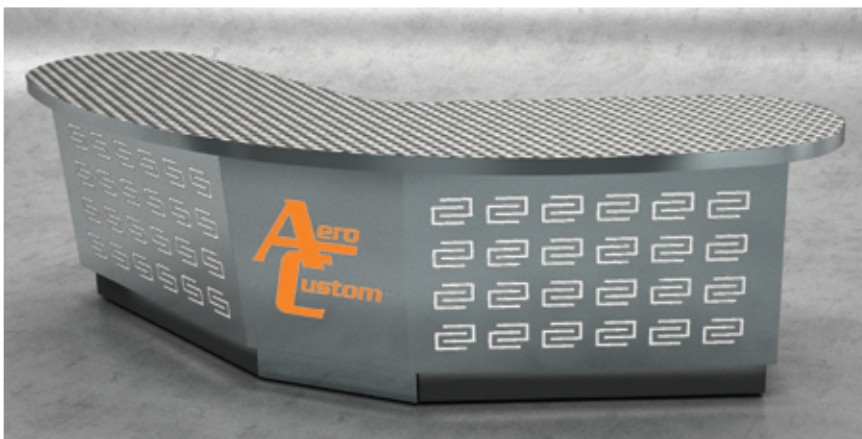

Wall Cabinets

- Architectural grade assisted pull up and self closing hinges. Powered Hinges available.

Base Cabinets

- Designer grade hardware available.
- Slotted integrated pilasters. Creates extra strength.
- Plastic or tempered glass shelves are available.

CUSTOM CAPABILITIES

DESIGNER STATION

- Kidney Shape Design. Aero has the ability to fabricate radii and textured stainless steel.
- Ability to laser cut any pattern according to your customer's specification.
- Mirror Finish available on all exposed edges.

CHEF COUNTER

- Wiring of drop in units to a junction box based on your customer's specifications for easy installation.
- The chef's counter can be fabricated to a variety of sizes utilizing the patented Aero slip fit design which can be bolted together. This leaves a minimal seam that can be sealed with silicone to meet NSF standards without welding, grinding & polishing.
